Director - NGS

“Our priority is to hold integrity of education and join our hands with kid in his future path of excellence”.

We, at Neo Geetanjali School, aspire to produce the best product of knowledge to present to the nation. On our oath, we are taking responsibility to serve the education with core values and cheering up the system of education with multiple somatic and hypothetical activities.

The aim of education is to enlighten one's mind so that one could have a broader outlook. Education presents the truth of life in a beautiful way for the welfare of human race. The truth of life is imparted to students as the essence of knowledge. Children are made not only professionally perfect but also morally sound to follow the path of reality in life.

## Principal's Desk

**Ms. Rama Devi Perni**

Principal - NGS

“School is second home to child without parenting but with the Guidance to the Future”

Grand welcome to all the parents, who are starving to take a stand for their child's bright future and to create spectacular academic and activity platform to children. Blissful blessings to all the children and wishing you congratulations to be a part of our second home.

The real purpose of education is to create better human beings, aspiring to become better, must be greatest-motto of a student. It is equally important for the teachers to put their tireless efforts in right direction. To make a child intelligent is comparatively easy but to make him conscious about human values and moral ethics is rather difficult.

## Vice-Principal's Desk

**Ms. Supirya Sahoo**

Vice-Principal - NGS

With this very noble motto, NEO GEETANJALI SCHOOL emphasizes on inculcating human values and developing moral character, which in turn will make students better citizens.
